## Godrej Consumer sees demand pick-up in Q3

**GODREJ CONSUMER PRODUCTS** said on Tuesday demand conditions improved during the third quarter, following a temporary sales disruption due to the government's sweeping tax cuts.

The company, known for its 'Clatoh' brand of soaps and 'Goodlight' mosquito repellent, said it expects close to double-digit revenue growth and double-digit cost savings growth for the quarter ended December 31. Godrej posted a 4% rise in revenue last quarter.

"We remain confident of a gradual improvement in consumption over the coming quarter,"

supported by falling inflation and improving affordability following lower GST rates," the company said in a statement.

Second-quarter earnings for several Indian consumer goods companies were hurt by temporary sales disruptions as consumer demand deferred purchases after the government's tax cuts went into effect in September.

The update follows smaller rival Dabur, which has also seen signs of demand recovery in the third quarter and expects consolidated revenue to grow in the mid-single digits from a level of 3% a year earlier. —REUTERS

## Gold rally drives Titan's Dec qtr sales up 40%

**TITAN COMPANY** on Tuesday posted a 40% jump in overall sales for the third quarter, driven by a higher average selling price for gold jewellery and festive season demand.

The company is best known for its eponymous watch brand and the Tanishq network of jewellery stores.

Titan's jewellery business, which accounts for nearly 88% of its revenue, grew 41% year-

on-year in the quarter ended December 31.

Spot gold prices rose nearly 12% during the quarter, to close out a calendar year in which the precious metal clocked its

steepest rise since 1979, driven by geopolitical uncertainties, rate cuts and robust central bank buying. The increase in average selling price offset a fall in the number of customers, Titan said. —REUTERS

## Sapphire-Devyani merger to create \$1-bn QSR giant

**YARUQHULLAH KHAN**  
New Delhi, January 6

**THE MERGED ENTITY** of Sapphire Foods India and Devyani International is likely to cross \$1 billion in annual revenue once the transaction is completed, Ravi Jalpura, non-executive chairman of Devyani International, said on Tuesday, outlining plans to scale KFC while pivoting to a turnaround of Pizza Hut in India.

Addressing analysts in a conference call, Jalpura said the proposed combination of Sapphire Foods India and Devyani International was aimed at building one of the largest food and beverage platforms in the country rather than merely combining two businesses. Independent

estimates, he said, place India's food services market at more than \$100 billion, with the quick service restaurant segment alone valued at over \$25 billion.

On an annualised basis, the combined business is expected to generate around \$800 crore in turnover and operate more than 3,000 stores globally.

The two companies announced the merger through a share swap deal on January 1, 2025, and have said regulatory approvals are expected to take

around 12 to 15 months, after which the scheme would become effective. The transaction has received approval from US-based franchisor Yum! Brands.

Devyani is the largest franchisee for KFC and Pizza Hut in India and also operates Costa Coffee, The Olive, New York Pies and Sanoor Kitchen in the country, besides owning the South Indian vegetarian QSR chain Vaanga.

As of September 30, 2025, it operated across more than 280 cities in India, Nigeria, Nepal and Thailand. In FY25, Devyani reported consolidated revenue of ₹4,951.1 crore, while Sapphire Foods disclosed ₹2,881.87 crore in revenue

from operations.

Explaining the post-merger operating structure, Devyani CEO Manish Daxar said the merged entity would take over marketing, innovation, technology and supply chain functions for Pizza Hut. For KFC, the integration will initially involve technology and supply chain management, while marketing and innovation will continue to be run by Yum! Brands.

On Pizza Hut, Daxar said the focus would be on regaining margins and restoring brand leadership rather than aggressive store additions. "We have already negotiated with Yum! that our priority is to turn around the business...we will not be under stress to open new

For KFC, expansion will continue but in a calibrated manner. Daxar also said the company has identified a global technology partner to build a common technology roadmap across KFC and Devyani's own brands.

Under the proposed scheme, 177 equity shares of Devyani will be issued for every 100 equity shares of Sapphire Foods India. The transaction, which is part of the Tata Group and is in the process of integrating operations with Adani Connect, formerly Adani AIA, is expected to be completed by March 2026. ## Pilots' body flags roster issues at Air India Express

**YARUQHULLAH KHAN**  
New Delhi, January 6

**FATIGUE FACTOR**

**THE AIRLINE PILOTS' Association** of India (ALPA-India) has raised concerns over pilot rostering practices at Air India Express, calling for a more transparent and accountable scheduling system and cautioning that current arrangements could pose operational and safety challenges if left unaddressed.

In a letter sent to the airline's management and reviewed by FE, the pilots' body said that alleged irregularities in roster allocation were leading to increased fatigue and stress among sections of the cockpit crew. The association claimed that duty schedules in some cases did not adequately factor in rest requirements or established rotation work norms, potentially affecting operational readiness.

The issue has emerged during a period of organisational change at Air India Express, which is part of the Tata Group and is in the process of integrating operations with Adani Connect, formerly Adani AIA, is expected to be completed by March 2026. ## FROM THE FRONT PAGE

## Services sector growth...

Panel members highlighted improvements in external demand, particularly from Asia, the UK, America, West Asia and the US. New export orders rose at a marked pace, faster than in November. Despite these gains, optimism among service firms fell for the third consecutive month, reaching its lowest level in nearly three and a half years.

Market uncertainty and exchange rate concerns weighed

## Race for top spot in MFs...

He noted that the individual investor category constituted around 60% of the AUM consistent over the last few years.

Govind Jain, financial analyst at P. Capital, had said at the time of the AMC's listing that it had the highest market share in net equity flow and superior equity yield of 67 basis points due to low distributor payout and the firm have 9.2% of revenue coming from non-fund business, higher than many peers. He added that ICICI Prudential AMC may eventually command a premium to HDFC AMC due to better distribution and diversification.

Nimesh Shah, CEO of ICICI Prudential AMC, had told reporters at the IPO press meet that out of 10 new AMC's that have come only two and three have performed because they gave superb performance.

The broader measure is clear. India's AMC industry is no longer about scale alone. Performance, diversification and distribution strength now determine leadership. SBI MI will hold the crown, but the chase is on. And if current trends hold, the man for Number 1 may well go down to them.

## RIL slides most since 2024

Morgan Stanley has flagged several potential catalysts in 2026, including a possible initial public offering (IPO) of the firm's higher telecom unit and further uplisting to refining margins amid benign oil prices.

However, analysts caution that uncertainty around a potential US tariff on the firm's exports and a patchy recovery in the summer demand could cap near-term gains. Valuations are another overhang, RIL currently trades at over 23 times forward earnings—more than one standard deviation above its five-year average, according to Bloomberg data—leaving the stock more vulnerable to negative sectoral signals. —With agency inputs

**JUNIPER GREEN ENERGY** raised ₹2,039 crore in debt financing from global and national financial institutions such as NABARD, HSBC, DBS, Barclays and Aseem Infrastructure for growth and development of upcoming renewable projects.

In addition, Juniper Green Energy also expanded its non-fund-based limits with Federal Bank and Aseem Infrastructure. The company borrowed ₹1,799 crore in August 2025 from the Indian Renewable Energy Development Agency (IreDA).

The National Bank for Financing Infrastructure and Development (NaBFID) lent ₹566 crore for the company's under-construction 90 MW Juniper Green Kite Wind Power Project in Gujarat. The company said HSBC has extended debt limits of ₹408 crore for the under-construction 73 MW Juniper Green Beam Light Solar-Wind Hybrid Power Project in Maharashtra. —FE BUREAU
